Enclosure No.

Sir,

In reply to your letter No. 23451
Geol. 57-18-9, dated 14th April 1919,
I have the honor to state that I have
not, at present, got any further
matters ready for discussion by the
Committee and that as I shall be
away on tour until the end of May, it
will not be possible to hold any more
meetings before June. I am asking
the Secretary to the Committee to
ascertain if the members have any
further matters to bring up for dis-
cussion.

2. With reference to the Report
already submitted on the Revision of
the Rules, I would suggest that this
may

may be considered as a separate matter which is practically complete in itself and orders of Government obtained as to whether Draft Rules may be prepared on the lines recommended by the Committee or with such modifications as Government may approve of. It will take a considerable time to prepare the Draft Rules and get them printed and this can be carried on while the Committee is considering any further matters of policy which may be brought up.

I have the honor to be,

Sir,

Your most obedient servant,

Director,

Department of Mines and Geology.
